

BECOME RIVER AWARE

There are five simple actions we can do to help make our waterways clean and safe for everyone to enjoy.

DO IT ON YOUR LAWN

Washing a car this way will keep soap and fine particles out of the river.

KEEP IT CLEAR

The drain is just for water. Oils, chemicals, paints and litter don't belong here.

COVER IT UP

Keep garden materials away from wind and rain.

LEAVE ONLY PAW PRINTS

Picking up pet waste stops nasties washing away.

COME CLEAN

Wipes, tissues, nappies and hygiene waste all belong in the bin.
