BECOME

**RIVER
AWARE**

Everything we do in our homes, backyards, schools, workplaces and parks can affect the water that runs off our streets and ends up in our local creeks and rivers.

Commit to adopting five simple actions that will help make our waterways clean and safe for everyone to enjoy, by taking the 'River Aware' Pledge at:

www.ourlivingriver.com.au/riveraware

River Aware is an 'Our Living River' initiative of the Parramatta River Catchment Group, funded by the Australian Government's National Landcare Program.
